- In this country we believe in equality. Every person is equal in the eyes of the law. But did you ever did you think of yourself as an equal and exactly the same as Wal-Mart, Monsanto or Exxon? In the eyes of the Supreme Court you are a person and so is every multi-national corporation. Those corporations have the same rights as you and they can use their huge coffers to fund elections without limit. But not everyone agrees. David Cobb will illustrate how **unelected and unaccountable corporations have hijacked our government and describe the national coalition of diverse public interest, community, and business organizations which has issued a bold call to amend the U.S. Constitution to restore the power of people over corporations.** “We are inspired by past successful social movements that challenged illegitimate power—The America Revolution, the Abolition of Slavery, Women’s Suffrage, Civil Rights,” said Cobb.

David Cobb, Move to Amend Spokesperson and
2004 Green Party Presidential Candidate,

Will be at the UUS on Friday September 17 from 1:00 to 3:00 p.m.
