### *Feel the Topic - Drawing the Larger Circle...*

*Forget about the people you want to attract to your congregation and don't, and consider instead who and how and what you are. It is not that we Unitarian Universalists don't say the right things -- it is more often a matter of follow-through. So we'll talk about what keeps us from having good follow-through. Then we'll develop some attitudes and resources for looking beyond our failures to our successes. The larger circle we envision does not happen magically or just through good intentions!*

**The advance registration fee for member congregation attendees is \$15, \$20 for non-members, includes a light breakfast, beverages and lunch. Registration at the door is \$20.**

**Child care is available if requested by October 1.  
Carpools with at least three people will receive \$15 toward gas.**

## *See YOU there!*
